

1. Copy the student response from your slip of paper in the space below:
  
  
  
  
  
  
  
  
  
  
2. What could you change to make the endothermic/exothermic definitions clearer or more accurate?
  
  
  
  
  
  
  
  
  
  
3. Rewrite a final statement that explains the difference between endothermic reactions and exothermic reactions.

Draw MODELS of each process in the space provided.

ENDOTHERMIC

EXOTHERMIC
